

AAC 221

PRODUCT FACT SHEET

AAC 221

DESIGN BY HEE WELLING & HAY, 2022

Featuring a swivel base in aluminium, the AAC 220 has a slightly more formal expression than the other variants in the series. Retaining the fundamental idea shared by the AAC family, this model is characterised by a curved shell with a slightly higher back. Designed with optimal functionality in mind, the shell construction offers a deep, generous seat that combines inviting aesthetics with a high level of comfort, whilst the lower armrests provide good support and enable the chair to fit underneath a table or desk. The base is available in either polished or powder-coated aluminium, and the post-consumer recycled plastic shell is available in different colours and finishes, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public, and private contexts.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- The curved shell has a slightly higher back and a deep generous seat.
- Lower armrests offer good support, whilst enabling the chair to fit underneath a table.
- The shell is made from 100% post-consumer recycled plastic and comes in three colours.
- Available with full upholstery, a standard and a soft quilted version in all standard fabrics and leathers.
- The aluminium base comes in two finishes.
- Other base options are: Moulded plywood base, solid wood base, 4-leg steel tube base and 5-star swivel base with wheels and gas lift.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
