New!

Inga Sempé

The Colorado collection comprises four chobi rugs, each of which undergoes a captivating transformation of color when exposed to light and movement. The inherent richness of chobi lies in the visual interplay created by its weaving technique: the orientation of the fiber when tying the knot, the length of the fiber, and the density of knots.

Pile height may be reduced (PH 5/7 mm - TH 12 mm) to comply.

Due to the irregularity of the hand spun afghan wool yarn, during the dyeing process the yarn can get different color shades.

This collection can be made in special sizes, subject to maintaining the original proportions of the standard size.
