DESCRIPTION

The IOI Coffee Tables by GamFratesi are a celebration of Italian materiality, featuring solid brass and steel. featuring solid grey emperador and white carrara marble. Drawing on geometric Art Deco references with a contemporary design language, the collection explores the empty space between the physical form as much as the form itself. The IOI tables has a 'sticks and sphere' motif, reflected in the shape of the letters that form their name, pronounced 'i-o-i.' The careful selection of colours and textures keeps its materiality alive in the final design and individual stones are chosen, giving each table a unique expression of its own. At three different heights and diameters, the IOI Coffee Tables work well in pairs, groups and even clusters or alone as a single table alongside GUBI's extensive range of lounge chairs and sofas.
