

Mio
Dog Basket

SKU:

C02-010-01-S/M, C02-010-02-S/M

Description:

The stylish Mio dog basket takes napping to a whole new level. Created for MiaCara by designer Shigeo Mashiro, the Mio bed is a contemporary interpretation of the traditional wicker dog basket.

The curved body of this designer basket makes for a unique design and provides your dog with a protected space to snuggle up inside. The asymmetrical gap at the front of the basket makes it easy for smaller dogs to access the basket, and allows them to comfortably rest their head while keeping their surroundings in sight.

The neutral colour palette of the wicker basket and the cream cushion have been carefully chosen to fit seamlessly in any modern interior.

As with all MiaCara dog beds, Mio is not only designed to add style and elegance to your home, but also to be long-lasting and functional. The bed is designed with the same viscoelastic mattress as our classic box beds. The soft foam cushion moulds to the shape of the dog's body, offering exceptional support and comfort. The cover is removable and washable for easy cleaning.

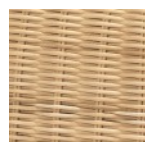

Design: Shigeo Mashiro

Material:

- Body: Rattan
- Inner cushion: cotton blend fabric 60% Cotton/ 40% Polyester
- Foam filling: 100% Polyurethan
- Cover fabric: 100% Polyester Trevira CS

Care Instructions:**Frame:**

If necessary, clean the frame by wiping it with a soft damp cloth

Inlett: 30° C gentle wash cycle

Wet wash with a commercially available mild detergent at temperatures up to 30° C. It is not recommended to use highly chlorinated and chemically aggressive washing additives as this can damage the memory foam when drying.

After washing and rinsing please remove as much water as possible through the spin cycle. The mattress can be best dried by air on a rack. It can also be tumble dried at 60° C.

Cover fabric: 60° C

The cover is machine washable at 60° C or can be dry cleaned. After washing, please let the cover air dry on a rack, and do not put it in the dryer. If needed, iron the fabric only at the lowest level (synthetic). The fabric is easy to clean and very durable. Please brush off dirt and dust regularly, before it can penetrate deeper into the fabric, and remove stains immediately. For simple and uncomplicated cleaning in between, simply vacuum the surface of the cover with an upholstery brush.
