

Crazy - Taubengrau / weiß

IP20  Dimmbar: 

DESIGN

Ernesto Gismondi

BESCHREIBUNG

Crazy is a wall and ceiling lamp that plays with geometry and colour. With its simplicity and strong nature, it can perfectly illuminate a room. A trapezoid frame protruding in space is designed around the broad diffusing surface. Both the frame and the rear support are painted in juxtaposed or counterposed shades to simply define a clearly different character – either neutral or definitely high-impact.
