Care Guide

HAY

TULOU COFFEE TABLE

GamFratesi's Tulou Table was inspired by the traditional design of a tray table and the extra functional dimension it offers. Comprising two basic elements – a spun steel round tray with a firm, easy-to-hold edge and a four-legged frame in tubular steel – the minimalistic design enables the tray to be moved around different spaces.

Available in a variety of colours and finishes, its flexible design means it is suitable for use in a wide range of private and public contexts.

CAUTION

With a little care you can prolong the life of your furniture. Follow the instructions for the materials of your specific product to make sure that it stays in the best shape for as long as possible.*

- Always remove stains quickly before they can do any permanent damage to the furniture.
- When you move your furniture, make sure you lift it rather than pulling or pushing it to avoid damaging the floor, legs and mountings.
- Use coasters under damp, hot or coloured objects to avoid permanent stains.

*The information below is only intended as a general guideline. For more information on how to remove specific stains, please enquire where you bought the furniture.

- Be careful not to scratch or damage the surface with sharp objects.
- Check the status of the gliders frequently and if worn down, contact your local retailer to buy replacements. The durability of the gliders will depend on the surface the table is placed on.
- Avoid improper use such as putting your feet on the table or standing on it.

CARE GUIDE

Powder coated steel

Wipe with a clean cloth wrung in water or in a solution of water and a neutral detergent. Remove soap residue immediately using a clean, dry cloth. Avoid using scouring cream or scouring pads, as they may scratch the surface.

Do not use solvents as they may have an adverse effect on the coating. Never use acetic acid or citric acid.
