

## ***Paper floorlamp***

Paper, cardboard and papier-mâché are familiar to all of us. They bring back memories of kindergarten and our first experiences of making things. Inspired by classic icons but manufactured like modern day furniture, this cardboard flat pack furniture collection is an ode to classical style and to the material.

## Cleaning Instructions

To clean the Paper furniture Moooi recommends using a non-abrasive damp cloth and a gentle multi-surface cleaner. It is always recommended to clean with a dry duster initially to remove troublesome dust particles.
