

Buds 1, sospensione

by Rodolfo Dordoni

FOSCARINI

DESCRIPTION

In the 1990s, Rodolfo Dordoni designed a collection of table, floor and suspension lamps for Foscarini in brightly coloured blown glass, named after the natural elements: Fruits, Blossom and Buds. Today Buds has been restyled again, interpreting contemporary taste with a sophisticated wealth and focus on materials. the star of the design remains blown glass, with a five-layer hand-crafted process, which is immediately evident thanks to the larger cut of the diffuser. With the new range of colours - cold brown, cold grey, bamboo green and white, with a straw-yellow internal finish- Buds takes on a dual value: it is warm when the lamp is on and cold when off.

RODOLFO DORDONI

With an array of activities ranging from architecture, to product design, artistic direction, and the setting up of showrooms and exhibitions, Rodolfo Dordoni has put his name to some of the most significant and famous Italian design projects, including Lumiere:

a contemporary restyling of the classic bedside lamp, made in blown glass and die-cast metal, which has become one of the biggest successes in the Foscarini collection. Again in blown glass, a material capable of conveying emotions of timeless beauty, is the Buds collection.
