POST FLOOR LAMP
– EU VERSION

EARNEST STUDIO ON THE DESIGN “The Post Floor Lamp came from the idea of exploring the flexibility of the magnetic joint, giving the user the freedom to position and dim the lamp’s light units according to individual needs. Designed with a sculptural expression, simple lines and a refined finish, the Post Floor Lamp represents a new perspective through its graphic character and forward-thinking functionality. Configure up to three lighting units on the Post Floor Lamp for an elegant ambient or task light.”
