

BALL

Designer: Benny Frandsen (2019)

Glass pendants ø18 cm and ø25 cm.

In 2019 the BALL series has been expanded to include a pendant in opal white glass. The pendant is fitted with brushed antique brass metal parts as well as white fabric cord.

The pendant is beautiful on its own; but works incredibly well in a cluster with multiple over e.g. the kitchen island and dining table. The opal white glass gives a beautiful light into the room and a super good light downwards. With the help of the light source, the light can easily be changed from warm cozy light to a light which can act as work or reading light
