

SOFT BLOCKS SOFA SERIES

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

PETTER SKOGSTAD ON THE DESIGN "The idea behind SOFT BLOCKS was to play around with the proportions of a conventional sofa, challenge straight continuous lines and explore the beauty of asymmetry. The result is a playful composition of SOFT BLOCKS that are ready to welcome you in the most friendly and comfortable way."

PROCESS

Wood frame is padded with cold foam with vatting on the top. Then upholstered with textile from Innofa.
