

DIogenes

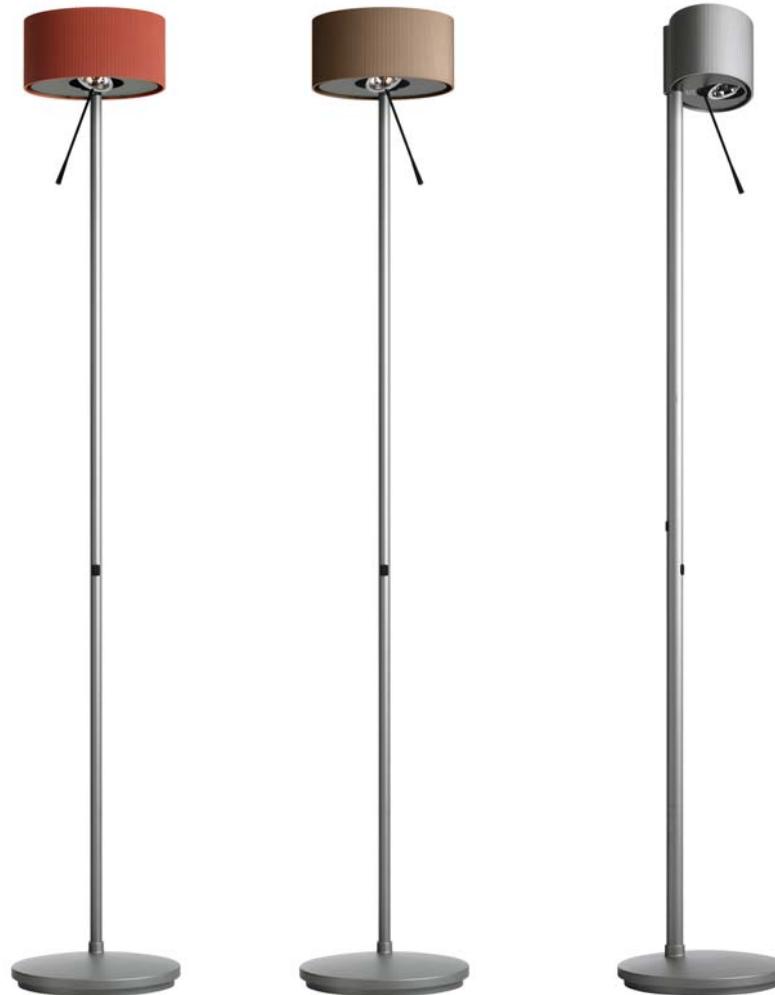

King Miranda, 1999

Indirektes, dimmbares Halogenlicht
Richtbares, blendfreies Leselicht

Details siehe Seite 125

Indirect dimmable halogen light
Directional dazzle-free reading light

For details refer to page 125

DIOGENES

King Miranda, 1999

DIOGENES ist eine kombinierte Lese-/Indirekteleuchte. Für die Allgemeinbeleuchtung dient eine Halogenlampe. Im Leuchtenkörper integriert befindet sich blendfrei und beliebig rückbar eine zusätzliche Lichtquelle für das direkte Leselicht. Beide Lichtquellen sind unabhängig voneinander dimmbar.

DIOGENES provides a combined reading and indirect light source. A halogen lamp provides general lighting. Integrated into the body of the lamp is an additional dazzle-free and freely directional light source for direct reading light. Both light sources can be dimmed independently.
