BLOOPER

table lamp

SEATED

PLEASE WAIT

The BLOOPER table lamp is a part of the PLEASE WAIT to be SEATED collection.

The BLOOPER table lamp consists of a large hollow bowl with a small disc, behind which a LED bulb is attached.

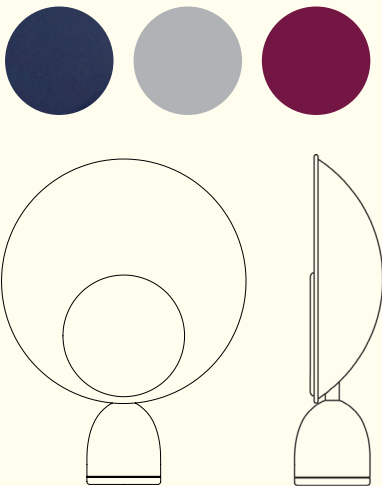

The light from the hidden LED bulb reflects into the large hollow bowl giving you a soft and indirect light. The small disc turns the lamp on or off and acts as a dimmer switch.

All steel parts of the BLOOPER table lamp are made by traditional techniques from the past together with the newest innovation of LED.

Material: Powder coated steel

Colours: Ash grey

Disc dimmer colours: Navy blue, ash grey and fig purple

H: 35 cm
W: 26 cm
D: 7 cm

METTE SCHELDE works in a field between spaces and objects, where she creates furniture and architectural spaces. Mette has received several awards for her work, including IF Concept Design Award 2014, Up/Coming Award 2013, Great Idea Award 2012 and FSC Design Award 2010.
