

AMBIT RAIL LAMP

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

TAF ARCHITECTS ON THE DESIGN "Why do you get attracted to certain shapes and not others? With AMBIT, we worked with the form and proportions in a very thorough and almost meticulous way. There is dynamic between the linear and rounded shape that creates an attractive outline. A timeless pendant, which never becomes boring to look at. The lampshade is made of a lightweight spun material and the dual-tone, with the inner white, adds a delicate contrast."

PROCESS	Made from old brazier traditions, the lampshades are press spun by hand. Hereafter, the lampshades are polished and painted by hand. The rail is cut from tubes that are adjusted to fit each other on a lathe machine.
