

THE ANT

REPUBLIC OF **Fritz Hansen®**

Despite its minimalist form and svelte shape, the Ant by Arne Jacobsen is an extremely comfortable chair. The lamination process coupled with the qualities inherent in the wood make it flexible enough to adjust to the body's contours and movements. The Ant is a stackable wooden chair on a thin chrome or satin chrome base with a choice of three or four legs.

Design: Arne Jacobsen

THE ANT

DESIGN

Arne Jacobsen, 1952

DESCRIPTION

Stackable chairs for cafeteria, conference, office and the private home. Designed by Arne Jacobsen, manufactured by Fritz Hansen.

FINISH

The shell is in laminated, moulded veneer. The outer veneer is sliced maple, beech or dark-stained oak. Besides, in lacquer and lazur. The base is 14 mm steel tube with 3 legs (model 3100) or 4 legs (model 3101) with leg ferrules in a black-grey synthetic material.

MAINTENANCE, ENVIRONMENT AND TESTS

chairs are coated with polyurethane lacquer, which prevents the emission of formaldehyde. For environmental reasons all parts of the Ant chair can be dismantled. The Ant is tested according to ISO 7173 for strength and durability and ISO 7174-1 for stability.

GUARANTEE

A five-year guarantee against manufacturing defects in standard products (materials and workmanship). Wear, tear and damage to the product is not covered under this warranty. Claims from end users under the guarantee must be submitted to the vendor from whom the product was purchased. All measurements are indicative.
